## Advanced Roller Massage

### Kneading Massage

The new dual-action function features simultaneous kneading and tapping that provides an even more enjoyable and refreshing experience.

### Pressurized Rolling

Prepares the muscles for the massage programs by helping them relax and increase blood circulation.

### Chop Action Tapping

Short taps on the muscle to relieve any fatigue in the muscles.

### Dual Action Kneading/Tapping

Performed together to provide a truly different feel to alleviate any muscle pain or tension.

## Calf Massage

6 air bags are positioned at the calf to effectively massage the ankle and leg.

Feels like someone massaging your leg with two hands.

Kneading in the calves helps tight calf muscles to loosen.

## Built-in MP3 Player

Allows you to escape into your own world while enjoying your massage!
